

TEXAS A&M
UNIVERSITY

6TH ANNUAL

2014

FYEE

CONFERENCE
COLLEGE STATION, TEXAS

AUGUST 7-8, 2014

ENHANCING THE FIRST YEAR OF **ENGINEERING EDUCATION**

Call for Session Topics and Papers

Proposals are submitted for workshops and session papers in a two-stage process. Stage 1: abstracts of proposals must be submitted for review by the abstract submission deadlines (i.e., for both workshops and session papers). Stage 2: If you are invited to submit a paper for a workshop or session presentation, you must submit a preliminary version of the completed document by June 1. These documents will be peer-reviewed. After the peer-review process, a final version of the document, as it will appear in the conference proceedings, must be submitted by July 26.

1. Workshop proposals submitted for Thursday's (August 7) workshops by **March 28**.
2. Suggestions for session topics by **March 28**.
3. Abstracts submitted for paper submissions by **May 1**.

FIRST YEAR **ENGINEERING EXPERIENCE**

FYEE is a unique opportunity that allows attendees and presenters to experience and interact with colleagues. FYEE provides opportunities to meet with other engineering educators, discuss ideas, reflect on the topics and issues from the sessions, and chart new directions and collaborations.
